

Tim Justice Open At Arrowhead (239)596-1000

Most of Southwest Florida has heard about the tragic golf cart accident following the Ace Group Classic back in February. Tim was kindly driving a couple back to their car when the cart he was driving was run over by an unidentified motorist. While Tim's recovery has been nothing short of miraculous, he is still unable to work and support himself. This event is our way of helping him out and for us to have a great time at ArrowHead as well. ArrowHead has graciously offered us a greatly reduced fee for golf and lunch and all net proceeds will go to help Tim get through these lean times.
